

TESOL – with prior MA in TESOL or Linguistics (Advanced Certificate) – Course Sequence and Program Tracker

Academic Plan: TESOL-AC
Program 2

Please note, this course sequence contains updated requirements that will be reflected in the 2019-2020 Course Catalog. Students must follow the requirements listed below and not those contained within the 2018-2019 Course Catalog.

Students are required to complete 27 credits in this program, unless specific prior coursework is waived. Students must consult with a faculty advisor in TESOL to determine their planned course of study before registering for classes. The following is a general guide to successful and timely completion of the program. The program may be completed in as few as three semesters plus summer coursework, if these guidelines are followed, the student begins the program in Spring semester, and the student carefully plans their coursework with a faculty advisor. All courses listed here are requirements for graduation.

First Semester

Courses

These courses must be taken first:

- EDESL 783 – Methodology of TESOL for K12 students (3 credits, includes 45 Fieldwork hours)
- Any prerequisite courses, as noted by Hunter School of Education admissions.

EDESL 783 must be taken before other courses in the program. If you can only take one course per semester, take EDESL 783 first. If you wish to take more than one course in your first semester, and you have no outstanding prerequisite course requirements, take either or both of:

- BILED 701* – Foundations of Bilingual Education (3 credits, includes 5 fieldwork hours)
- CEDF 713 *– Child and Adolescence Development (3 credits)

Additional Certification and Hunter Requirements

It is recommended to complete these in your first or second semester:
